

## PETITION: Demand that the South African government declare the Wild Coast a No-Go area for mining once and for all.

To: Minister Susan Shabangu, Department of Mineral Resources, South African government

We demand that the government honour its commitments as a signatory to the International Convention on Biological Diversity (CBD) and prohibit mining within the second most important biodiversity hotspot in South Africa.

We call on the Minister to use her authority to prohibit all further prospecting applications along the Wild Coast. The law already enables her to protect this area. Using Section 49 of the Mineral and Petroleum Resources Development Act she can set a national and global precedent for a Mining Minister that respects human rights and environmental conservation.
